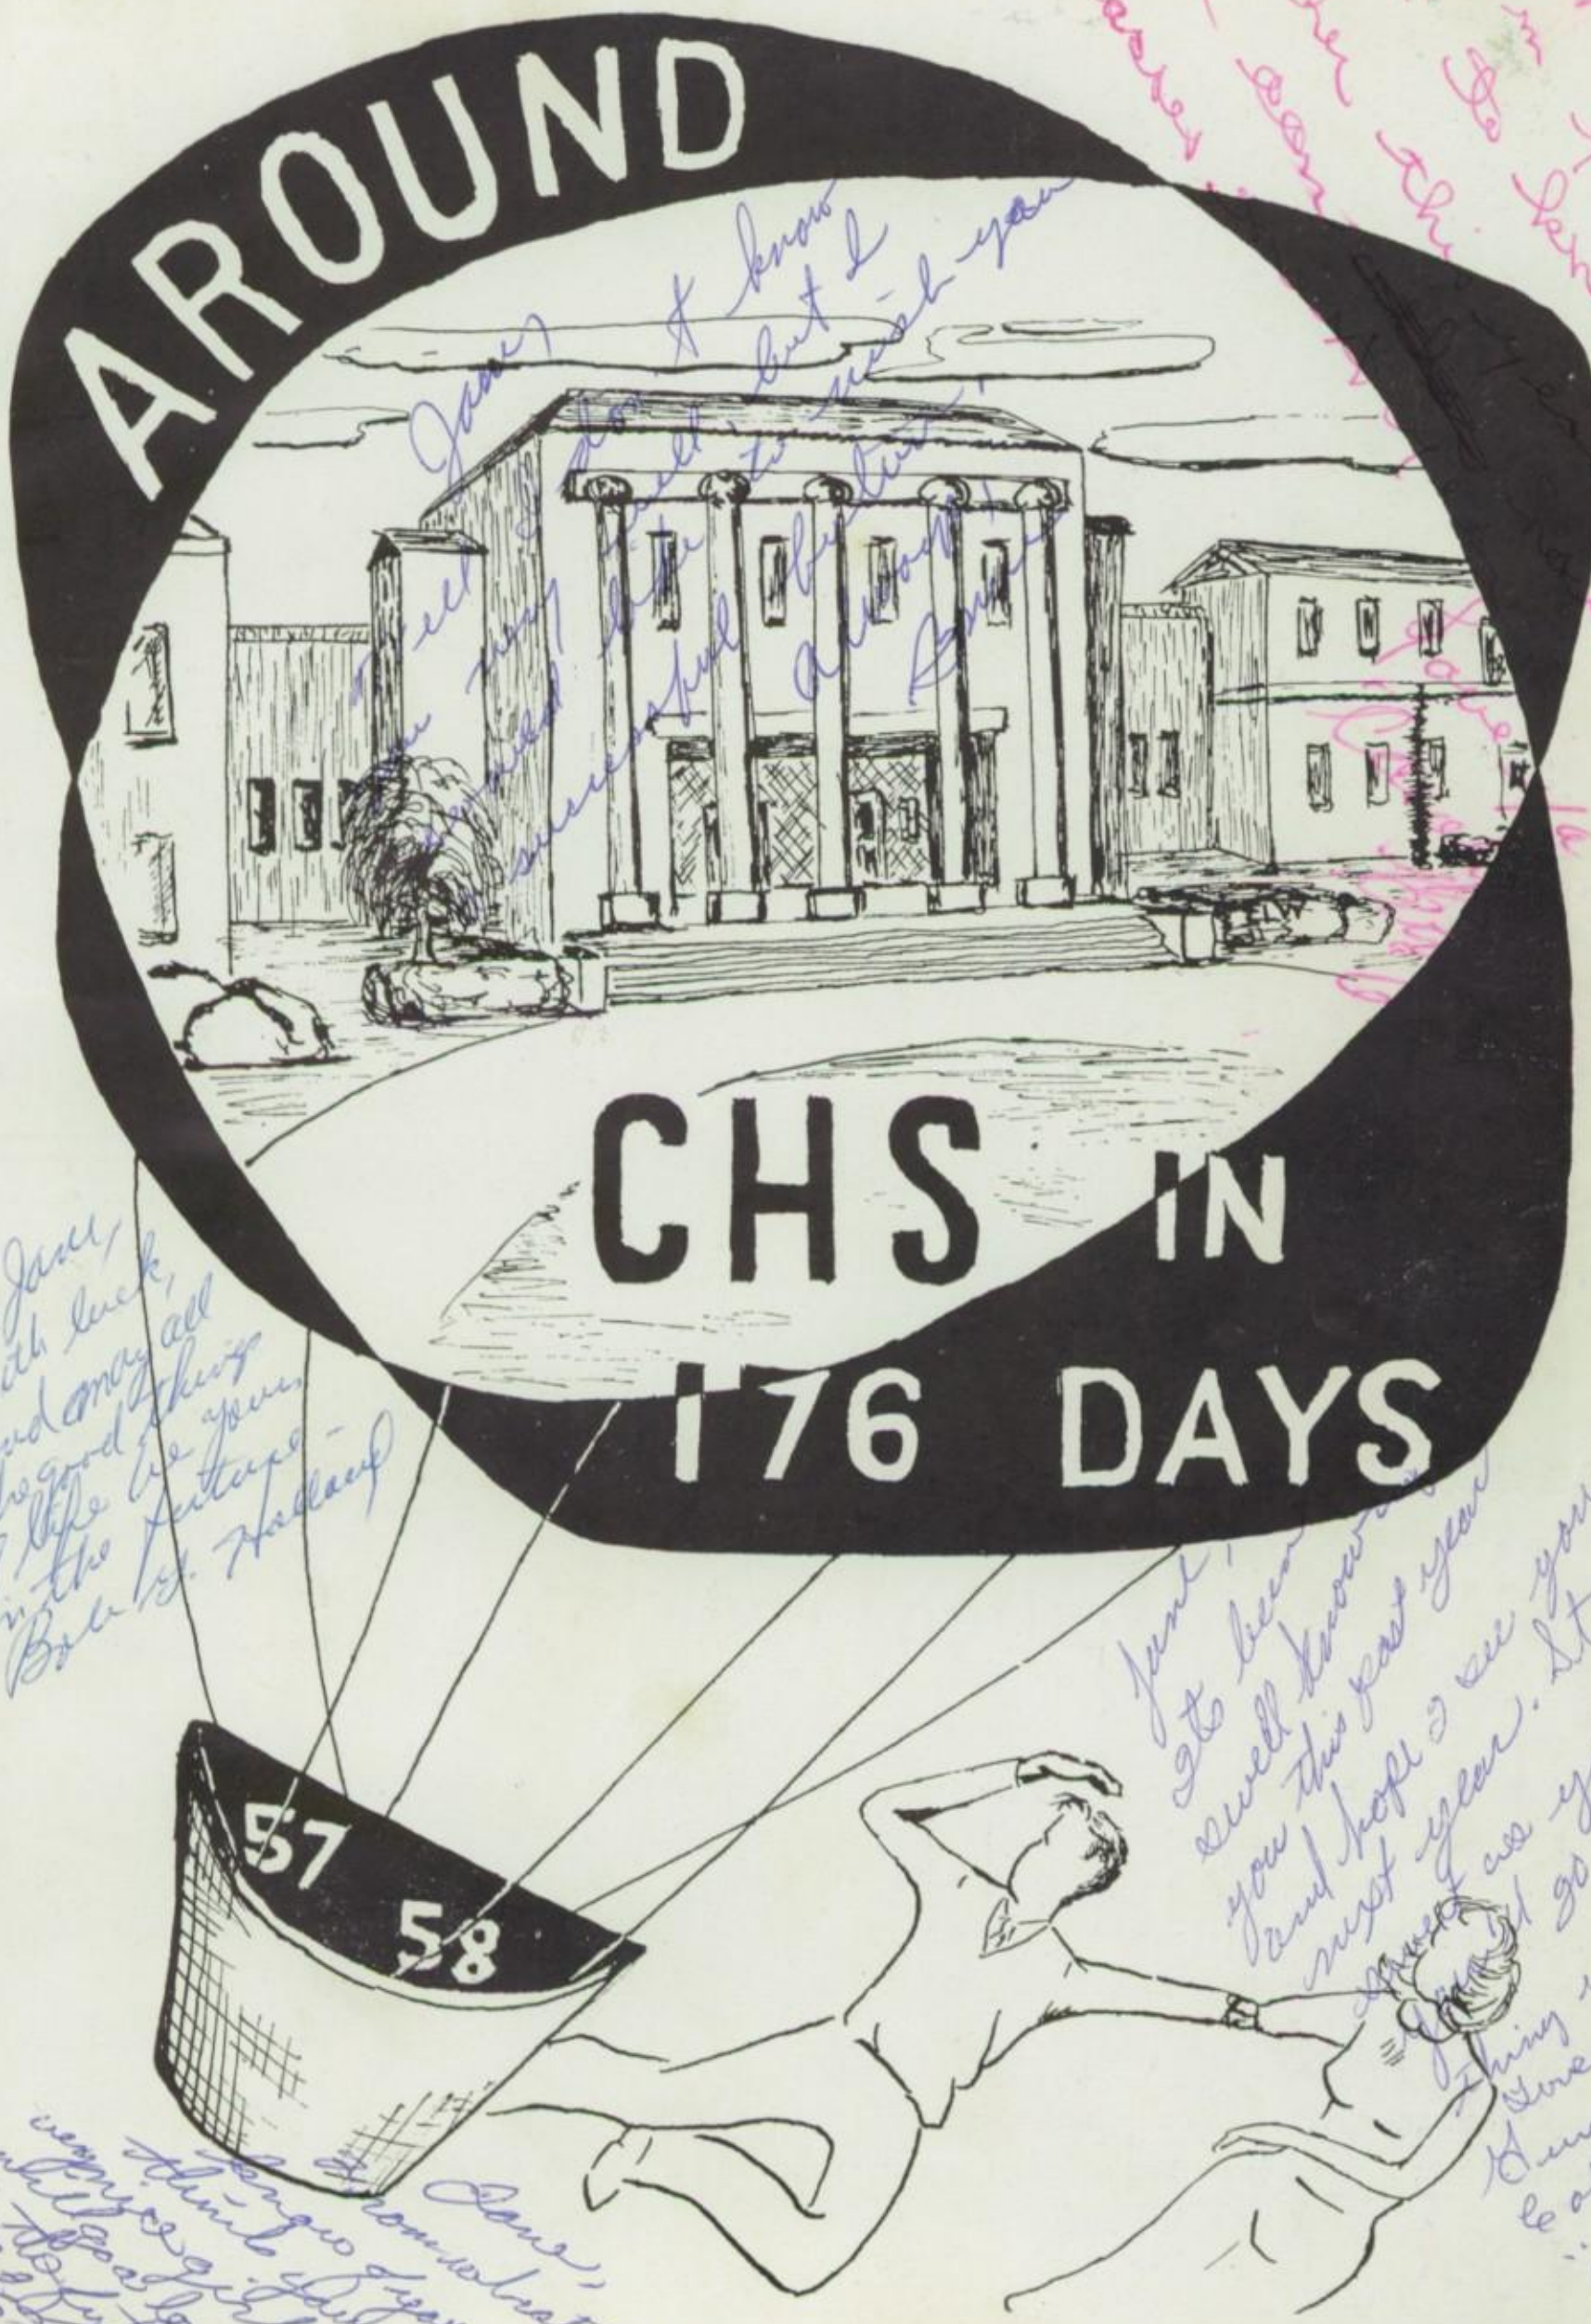
AROUND CHS IN 176 DAYS



Dedication

To Mr. H. L. White, Our Principal, who has been around CHS more than "176 Days" . . . and helped us in many, many more ways . . . We proudly dedicate this the "1958 El Lobo." Through the years we have been grateful for his help . . . interest . . . patience . . . understanding . . . encouragement . . . and guidance in our endeavors . . . and problems . . . As we go on toward "our goal in life," we will appreciate more and more "Our Principal" . . . and the principles for which he stands . . .

"Real knowledge, like everything else of value, is not obtained easily. It must be worked for, studied for, thought for, and more than all, must be prayed for . . ." T. Arnold.

Dedication

To Mrs. Clarabelle Fast, who has been "around Chandler High School" for eleven years . . . doing a fine job as teacher . . . friend, we dedicate this the "1958 El Lobo." Through the years it has been said by many, "she is a favorite in the classroom . . .and as a sponsor." Many have entered . . . and enjoyed . . . and completed her courses, and gone out better prepared for entering . . . enjoying . . . and completing a happier life. For this . . . and the traits that make Mrs. Fast what she has been to us . . . We express our greatest appreciation!

"The study of literature nourishes youth, entertains old age, adorns prosperity, solaces adversity, is delightful at home, and unobtrusive abroad." Cicero.

MR AUSTIN

Chandler High School is growing just l'ke the projection screens of the movie industry. First, we had small and very plain white cloth screens, then, larger and more solid ones, then the beaded screen was the rage. Now with cinerama and cinemascope screens are necessary to project the latest of the motion picture world. "Around the World in 80 Days" and "Seven Wonders of the World" require such screens.

Education in Chandler is "big business" and we must broadcast our accomplishments on screens that are large enough to do justice to the subject. Don't under sell the possibilities of your school. Let's go after new horizons like an Explorer, reaching even higher than Sputnik, Mutnik, or even St. Nick, or just plain Nick. From this vantage point we can project our school year of 1957-58 on a screen we have made for such accomplishments.

W. G. Austin,
Superintendent

MR. WHITE

"Around CHS in 176 Days"
"Around the World in 80 Days"
"Around the World in 118 Minutes"

Each of these phrases has been the topic of conversation among students at one time or another this spring. Do they have anything in common?

In the story "Around the World in 80 Days" by Jules Verne, which was written in the Victorian Age, Philaes Fogg makes a wager that he can travel around the world in 80 days. The satellite, Explorer, was put into space and travels around the world in orbit every 118 minutes. These two unrelated events, the first fictional and the second a fact, are a prcduct of their times and illustrate man's progress. The analogy, "Around CHS in 176 Days" also represents a journey. In the last instance it is a journey of preparation for living in a changing society and by being better prepared, greater will be the personal rewards. The faculty of Chandler High School hopes that each individual has had a high satisfaction in his efforts and achievements this past year.

H. L. White,
Principal

School - Board

The members of the school board are: (left to right) Dr. Clifford Goodman, Clerk; G. E. Patterson, member; Hugh Arnold, President; and W. G. Austin, Superintendent.

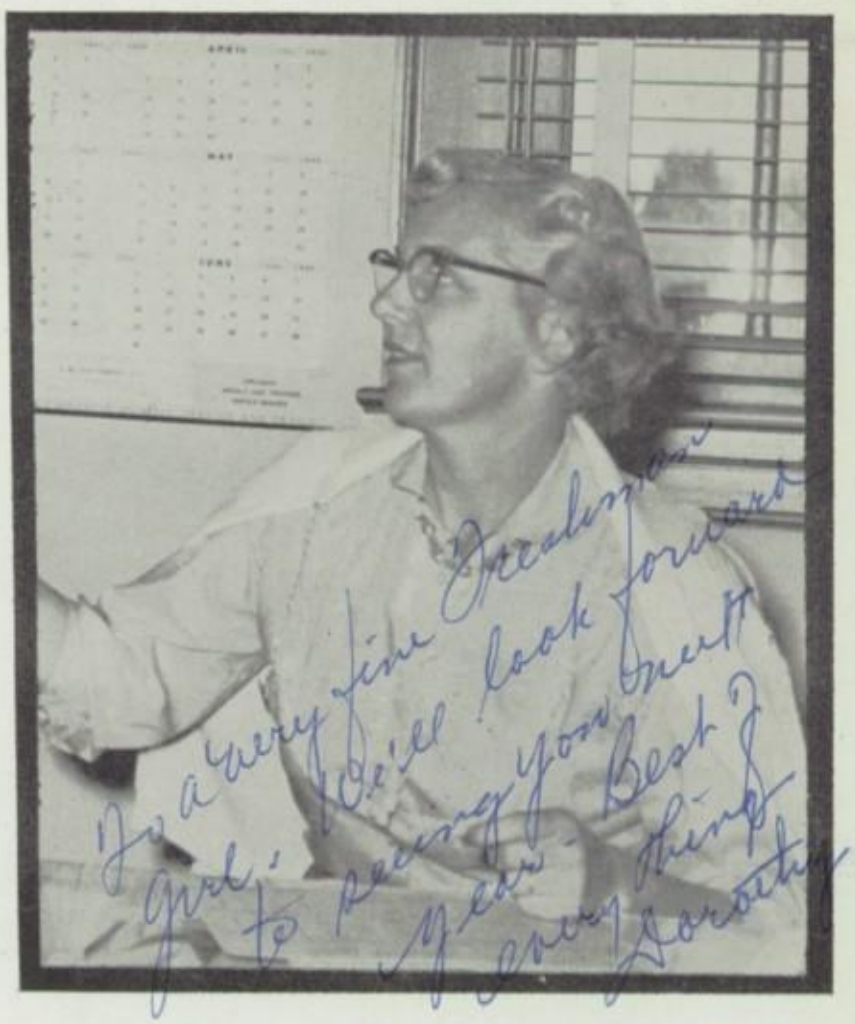
The school board is the organization that keeps our school running on a sound basis. Their co-operation with government officials has made all the additions to our school possible. With an active school board like ours, Chandler High School will progress with the times and continue to be a better school.

Miss Joann Hathcoat, who has been at CHS for two years, is the correspondence and payroll secretary who also does bookkeeping and manages the budget. She is a CHS graduate of the class of '54.

This July will be Mrs. Eula Walker's fifth year as secretary to Mr. Austin. Her days are kept busy making out high school and elementary payrolls and paying the school bills.

SECRETARIES

Miss Mary Serrano's first year at CHS as receptionist has kept her busy answering the telephone and acting as atendance secretary. She graduated from CHS in 1953.



Mrs. Dorothy Partridge never has a dull moment while working as registrar, secretary to Mr. White, and being in charge of the office girls.

Well I must say we have had great fun together.

I remember the first time I met you, it was at M. Y. A.

Never forget our trips to see Jerry, and times when I called Bruce.

Lets not play croquet with Bug anymore. ok??

Danny must sure be swell, to bad I don't Know him.

Lets have more lemon slushes together, and more root-beers.

THE DECISION IS YOURS!

"Someday I'd like a business of my own!" That's a natural ambition for anyone — yet even to dream of it would be regarded as ridiculous, and even dangerous in many nations today. But in America, you are free to travel any road of endeavor you choose, and to follow it as far as your abilities will carry you. Our system of free enterprise makes this possible. Yet, some would curb this system — through ignorance or malicious intent. Protect free enterprise! For the sake of your future — the future of your country!
